- The Chamber of Commerce has a number of outstanding programs to assist businesses looking to emerge from Covid 19. Technical Assistance to help develop online presence, direct assistance with things like outdoor heaters, \$500 in rental assistance to small/service related businesses, promotion and assistance to many of our restaurants with food delivery sponsorship. If you know of anyone who could benefit from any of these programs, please have them contact Jackie Weston at the Chamber of Commerce Jackie@auburnchamber.net.
- For those who may have missed the All Staff Meeting for City Employees, here is the exciting replay of this riveting meeting
